

[Easy Thanksgiving Wreath](#)

Instructions and Tutorial Photos [on AnnsEntitledLife.com](http://AnnsEntitledLife.com)

Thanksgiving Wreath Materials:

- 2 yards Yellow Tulle
- 2 yards Orange Tulle
- 2 yards Brown Tulle
- 10" or 12" White Styrofoam Wreath – the wreath in this tutorial is on a 12" form
- Scissors
- Ruler
- White Paint
- Laser Cut Sign – The “thankful” used in this tutorial was purchased at JoAnn’s but truly any sign that is thin and flat will work... Happy Thanksgiving, Gather, Blessings, etc.
- Paint Brush or Foam Paint Brush
- Glue Gun
- Glue Sticks

Thanksgiving Wreath Directions:

- Cut all the Yellow Tulle into 5" x 21" strips.
- Cut all the Orange Tulle into 5" x 21" strips.
- Cut all the Brown Tulle into 5" x 21" strips.
- Fold one piece of Brown Tulle in half and wrap around the wreath form by tying a slip knot. Simply fold the piece of material in half top to bottom so that you make a loop and put it around the wreath body with the loop side down. Pull the other end down through the loop and pull it tight so it doesn't slip out. Make certain the tails of the tulle knot are facing out.
- Fold one piece of Orange Tulle in half and wrap around the wreath form by tying a slip knot.

Simply fold the piece of material in half top to bottom so that you make a loop and put it around the wreath body with the loop side down. Pull the other end down through the loop and pull it tight so it doesn't slip out. Make certain the tails of the tulle knot are facing out.

- Fold one piece of Yellow Tulle in half and wrap around the wreath form by tying a slip knot.

Simply fold the piece of material in half top to bottom so that you make a loop and put it around the wreath body with the loop side down. Pull the other end down through the loop and pull it tight so it doesn't slip out. Make certain the tails of the tulle knot are facing out.

- Push the pieces together so there is not a gap of white wreath showing.

- Repeat the three colors, one brown, one orange, one yellow, all the way around the wreath form until the wreath is full.

- Place your thankful sign (or any other plain wood sign you choose) on a covered surface and paint it white.

- Allow to dry.

- Paint a second coat if bare spots show through.

- Allow to dry.

- Place your sign in the middle of the wreath to center it.

- Dab hot glue on the back sides of the sign to attach it to the wreath.
