- Allow to dry completely.
- Wrap your pipe cleaners around one of the paint brushes or a pencil to form spirals.

- Hot glue one on the back of each side of the glass to make antennas.
- Top off with a tea light candle (flameless may be best due to the pipe cleaners) and set this cute little wine glass turkey in the middle of your table, on your fireplace mantel or an end table for a great Valentine or Spring or Summer decoration! Make a group of three in the same or in staggered height and set the trio among leaves, burlap, pinecones, etc for a sweet centerpiece.
