**Instructions and Tutorial Photos found on [AnnsEntitledLife.com](http://AnnsEntitledLife.com)**

### **Easter Egg Wineglass DIY Materials:**

- Any Wine Glass(es) (shows are three staggered wineglasses for a centerpiece)
- Enamel Paint: white, pastel yellow, blue, green, and pink were used in this craft
- Foam Paint Brush
- Small Easel or Paper Plate
- Small Detail Paint Brush
- Round Sponge Painting Tool
- Tea Lights

### **Easter Egg Wineglass DIY Directions:**

- Lay down a covering to protect your work surface.
- Paint the inside of your wineglasses white with your foam paint brush.
- Allow to dry.
- Paint the outside of your wineglasses white with your foam paint brush.
- Allow to dry.
- *Note: on any of these painted wineglass decorations if you feel one coat of paint is not enough coverage (even with painting the inside and outside), just allow the first coat of paint to dry completely, then add a second, thin coat for more complete coverage. Allow to dry completely.*
- Turn your glasses upside down and use your circle foam to dab into your paint and carefully press onto your painted wine glasses.
- Go all the way around your glass. You could do a straight line, a wave, close dabs of paint,

spread out dabs.

- This tutorial used pink, blue, green and yellow for the round dabs, but you could also use lilac, purple – any color that springy or Easter-ish.
- Allow to dry.
- Use a small detail paint brush to make more detailed lines, dashes, and swirls. Make them your own.
- Allow to dry.
- Top off with a tea light candle. If you want to use a flameless tea light, that would like lovely too.
