Homemade Disinfectant Spray

If you're in need of a homemade disinfectant spray, they're super quick to whip up. This one is perfect for using in your evening cleaning since it uses lavender oil which has a relaxing effect and may help you sleep better.

Homemade Disinfectant Spray Materials Needed

- 1 cup Water
- 1 cup White Vinegar
- ½ cup Vodka
- 8-10 drops [Lavender Essential Oil](#)

Homemade Disinfectant Spray Directions:

- Boil and cool your water.
- Combine the ingredients in a spray bottle.
- When you use your Homemade Disinfectant Spray, allow it to sit (on the counter, bathroom fixture, etc) for 5 – 10 minutes before wiping the surface.
- As a side note, because this has no soap in it, it does not work very well as an actual cleaner.
- For tough jobs, use the all-purpose cleaner listed above.
