Instructions and Tutorial Photos found on [AnnsEntitledLife.com](#)

### **How to Make Your Own Rudolph Ornament Materials:**

- Plastic Ornament or Glass
- Extra Fine Silver Glitter
- FolkArt Chalk Paint, 34165 Java (Brown)
- FolkArt, 4001 Wicker White (white)
- FolkArt, 2934 Licorice (black)
- Small Craft Paint Brushes
- Small Easel or Paper Plate
- 1 Red Sparkly Pom pom
- 2 Brown Pipe Cleaners
- Thin Silver Ribbon
- Glue Gun
- Glue Sticks

### **How to Make Your Own Rudolph Ornament Instructions:**

- Cover your flat work surface with newspaper or cardboard.
- Remove the ornament cap; set aside.
- Mix together 1 tablespoon of brown paint with ½ teaspoon of silver glitter on a [small easel](#) (or paper plate).
- Paint the exterior of your ornament completely with the shiny brown paint. (You may want to do this where you paint most of the ornament, then place it on a plastic cup to dry. After it is dry, turn it over and paint the bottom.)
- Allow to dry completely.
- Once your ornament is dry, place the ornament cap back on your ornament ball.
- Paint two white oval shaped eyes on the front of your ornament along with 2 small half circle lines connected underneath.

- Allow to dry.
- Paint one large black dot inside each white eye (make them even).
- Allow to dry.
- Hot glue the red sparkly pom pom underneath the eyes for Rudolph's red nose.
- Fold two pipe cleaners in half, bend each one to look like antlers, and hot glue the bottoms onto the back top of your ornament
- Cut a 8" piece of silver ribbon (or any color you please), place one end through the top loop, and tie the ends into a knot to hang.
